

- Start each line
- with an asterisk (*).
 - More asterisks give deeper
* and deeper levels.
- Line breaks
don't break levels.
 - * But jumping levels creates empty space.

Any other start ends the list.

- combine bullet list
 - with definition
- definition
 - – creates empty space
- combine bullet list
 - with definition
- definition
 - without empty spaces
- bullet list
- definition
 - sublist that doesn't create empty
 - spaces after definition
